division of

Genocide  
Intervention Network

## Checklist for Darfur actions and future genocide prevention:

### Darfur Actions

- Do not invoke Article 16; continue the International Criminal Court investigation of Sudan's president, Omar al-Bashir
- Enhance multilateral, non-military coercion by increasing targeted sanctions from a broader coalition
- Expand the arms embargo and ensure that there are international monitoring mechanisms
- Make the peacekeeping force in Darfur, UNAMID, effective by ensuring that it is properly funded and well-equipped
- Enforce the UN's ban on offensive military flights over Darfur
- Appoint a high-level Sudan envoy with senior diplomats—one responsible for Darfur and one responsible for the Comprehensive Peace Agreement
- Ensure that there are an appropriate amount of foreign service officers for the region

### Future Genocide Prevention

- Invest \$250 million for crisis prevention and response
- Create international information-sharing network for preventing genocide
- Create an interagency mechanism within the US government for sharing information and coordinating preventive action
